Dear Local Business Owner,

The Retina and Vitreous Center would like to invite you to a charitable event to help raise money for the Oregon Lions Sight & Hearing Foundation. The Oregon Lions Sight & Hearing Foundation is a nonprofit organization that provides vital sight and hearing assistance to Oregonians who are uninsured or under insured. About 600,000 Oregonians live under these unfortunate circumstances. The Oregon Lions Sight & Hearing Foundation impacted the lives of more than 137,000 children and adults last year. Every day more and more people are seeking their assistance, but currently they are low on funds.

Doctors from our medical office recently examined a patient who needed an emergency surgery to help prevent one of his eyes from becoming severely visually impaired. Our patient could not have his surgery until he received assistance from the Lions Foundation because he is not currently insured. Thankfully, the Lions Foundation was able to come through and cover his procedure; but limited funds caused a delayed response. Timely procedures are crucial to prevent the loss of vital eyesight.

The Oregon Lions Sight & Hearing Foundation is celebrating its 50th Anniversary this year. Our event will be an opportunity to contribute to an effective organization that offers critical health solutions.
